Wyllie Sec. In the absence of Mr. Andrews, Mr. Wyllie was appointed to take the minutes for him

Business of the day Mr. Wyllie moved to read the minutes, the Privy Council should proceed with the special business of the day; namely, Her Majesty's claim to certain water lots outside the wall. This was voted in the affirmative

Lee Mr. Lee, premising that as he might be supposed to have a personal interest in the matter (although he thought he had not) he would abstain from voting on this question, and begged that in what explanations he might render, the council should not attach more weight to them than they deserved. Mr Lee then made some explanations and stated that Mr. Young would lay the case more fully before the council

Mr Young Mr. Young explained at some length referring to a plan and the Report of Mr. Lee, Capt. Baily and Capt. Debabgne in 1847 - Stated that his understanding to have been that the lots washed by the sea marked out in the Map were given to him as minister of the Interior, in the character of Government property - that afterwards application had been made for lease of these lots for steam wharves and that the Governor had opposed the granting of wharves there on the ground that it was inexpedient to sell the lots then as their value was likely to increase, but without claiming the lots

as private property. Mr. Young added that what he wished was not to injure the rights of private persons, but to preserve that of the Government.

Kamehameha — Prince Kamehameha thought the question again requiring a reference to the minutes of the Priv Council & thought that for that purpose, a select committee should be appointed.

King — The King said he approved of the committee, but thought that some persons besides the King's Ministers should be on the committee

Liholiho — Prince Liholiho stated that his Father denied that he had ever surrendered his right to that land; that no title had ever been given and moved that it be resolved that the Government have no right or title to the lots in question

Young — Mr. Young stated that his position was not rightly understood. He was not for the Government, solely a right by the Governor, but one asserted by Mr. Lee

Wyllie — Mr. Wyllie suggested that the limits of these claims should be pointed out on the map which was done. and from which it appeared that the limits claimed by the Governor and by Mr. Lee, each of them did conflict with those claimed by Mr. Young for the Government

Young — Mr. Young produced Deed of 11 December 1849 to Mr. Lee, duly registered on 12th December 1849 and recorded by Lester B. Bates and the resolution of the Priv Council of the 11th July 1853 granting to Mr. Lee a Fee Simple title

Liholiho — Prince Liholiho moved and Mr. Wyllie seconded the following Resolution which was passed

Res. 1

Res. 1. — Resolved, that in the opinion of this council, the matter in regard to the water lots makai of the Custom

April 28 1854.

House cannot be considered by this Council, as it is a matter to be settled by the Land Commission; and be it further Resolved, that ~~Mr. Young~~ this Council recommend Mr. Young to testify before the Land Commission in regard to the matter as he considers to be the facts

Lee Resignation

Mr. Lee handed in his written Resignation as President of the Land Commission, in the following terms

Sire,

As there is a claim pending before the Lands Commission in which I am somewhat interested, I beg to resign my office as President of said Commission and request that you will appoint some person in my place, that this claim may be settled by parties entirely disinterested in the matter

I have the honor to be

Sire

Your most Obedient Servant

W. L. Lee

Honolulu April 28

1854

To His Majesty

Kamehameha III.

Kamehameha

Prince Kamehameha moved that Mr. Lee's ~~suggestions~~ resignation be accepted temporarily and that for the Special purpose of the settlement of the claim in which Mr. Lee is personally interested

The Prince's motion was passed as follows

Res. 2.

Res. 2.

Resolved, That this Council advises His Majesty the King to accept the resignation pro tempore of the Hon. W. L. Lee, and nominates Prince Lolohio as his successor pro tempore, until the claim in which

Mr. Lee is interested in Kalia shall be settled

Kamehameha — Prince Kamehameha, on behalf of the committee appointed to confer with their Majesties the King and Queen, reported their views upon the subject

Young — Mr. Young laid before the Council the following letter of this date signed by their Majesties the King and Queen respecting the Queen's right to the reef but offering to surrender it for $25.000

To my Privy Council

King's Letter Trans. — I have heared the proposition of the committee appointed by you to express the opinion of the Privy Council respecting the right of my Queen in a separate part of Waikahalulu adjoining the lands of Victoria Kamamalu called Kaakaukeukou on the sea-side of the city of Honolulu; The committee have also informed me that my Queen had a claim to one eighth of the said place, or the sum of $16.000 as her right in equity

We do not yield the rights we have by law to the place now in dispute; But, for the sake of peace to the Government, we consent to receive the sum of $25.000 for our rights therein, and that is the sum of our demand, for the right we shall resign

For the truth of the above proposition, we each of us with our own hand subscribe our names this 28th day of April 1854

Signed Kamehameha
Signed K. K. Kapakahaili

Ketuanaoa — The Governor thought that the Land commission having awarded the Reef to the Government, the Privy Council were not in a position to decide this Question

Ii. — John Ii thought the question should not go back

to the Lands Commission but before the Supreme Court as provided by law

Lee — Mr. Lee stated that to settle the question, he would be willing to allow $ 15.000

Wyllie — Mr. Wyllie enquired whether this Council having before it the Award of the Land Commission giving the Reef to the Government could with propriety acknowledge any other right, especially as that award was reversed in the only way which the law allows and that is by a civil suit before the Supreme Court

Leholiho — Prince Leholiho stated that he thought $25.000 too much, but that he would award $15.000 to be granted to the Queen

Mr. Wyllie repeated his suggestion on a principle of law

Allen — Mr. Allen explained that the arrangement was to be made in the light of an equitable compromise to avoid litigation

Mr. Wyllie expressed himself perfectly satisfied

Leholiho — Prince Leholiho moved the following Resolution drafted by Mr. Lee which was passed

Res. 3.

Res. 3. — Resolved; That for the sake of peace and to quiet all claims that the Queen ~~may~~ have alleges to have in the reef of Waikahalulu, this Council recommends a grant of one eighth of said reef as recommended by Leholiho, Kekuanaoa and Lee in their report on this subject, or in lieu thereof, the sum of $15.000; and that in the opinion of this council it would be much better to give her the money grant of $15.000; and that the Minister of the Interior is hereby instructed to lay this subject before the Legisla-

tive at his earliest convenience, it being expressly understood, that the Queen shall only receive the interest of the money grant for the first five years, provided such be the pleasure of the Legislature

Lehoiho Prince Lihoiho was Specially deputed to make this resolution known to their Majesties the King and Queen

Adj^d Mr. Young then adjourned the Council till Monday 11 A.M.

Waikahalulu Report

Mr. Allen chairman of Committee reported on Waikahalulu and exhibited a plan, and a decision of the Lands commission. Mr. Young read a communication stating that the Queen offered to sell her claim to Waikahalulu to the Government for $22,000

Res. 1.

Res. 1.

Whereas, an Act relating to the Water lots called Waikahalulu, makai of the Fort at Honolulu, aproved August 10 1854, authorized and directed the Minister of the Interior, with the approbation of the King and Privy Council to adjust all private ~~claims~~ rights which conflict with the title of the Government to the property referred to in said Act called Waikahalulu, for a sum not exceeding Twenty Two Thousand dollars, and to obtain the necessary legal conveyances for the same; and Whereas, satisfactory evidence is adduced to us that the only adverse claim to the title of the Government is that of the Queen, which is now pending in the Supreme Court and which stands on the Calender of Appeals as follows "H. H. Kalama V. The Boards of Commissioners for quieting lands titles"

Therefore

Res

Resolved; That the Minister of the Interior

incalculable benefit to the people of these islands, foreigners as well as natives.

Resolved, That should His Majesty accept the resignation of Chief Justice Lee, it would create a vacancy in the Judiciary Department, to fill which, another person equally well qualified cannot be found. We therefore indulge the hope, that some means may be devised of averting a result so much to be deplored, by relieving Mr. Lee from a portion of his onerous labors, thereby placing him at liberty in some degree to pursue the means of recruiting his shattered health, and we would respectfully take this opportunity of suggesting to the King in Council, the adoption of some such means as above indicated, so as if possible to avert the consummation of an event, which must be heartily deplored as an irreparable misfortune to all classes of the community.

Resolved; That copies of these Resolutions be forwarded to His Majesty in Privy Council, and to Chief Justice Lee, signed by the several members of the Bar.
